Empty Bowls Art Project Helps Feed the Hungry

BY MICHAEL VAZQUEZ

A few weeks ago, the Marquette High community put their bowl making skills to the test.

According to Mrs. Jane Powers, she and Ms. Stacy Reddy decided to make and donate bowls with MUHS students for the 15th Annual Milwaukee Empty Bowls, an event that helps the homeless and hungry. The event occurred on Oct. 6th at MSOE.

One day Mrs. Powers and the students were making pinch pots, which led Mrs. Powers and Ms. Reddy to come up with the idea to donate bowls for the hungry and homeless. Pinch pots are shaped by hand, then made with clay, and finally glazed.

The Marquette High students made 180 bowls for this project, and Mrs. Powers planned to donate 100 bowls to the event. The numbers of bowls created, allowed the group to reach their goal in bowls created for the event.

According to Mrs. Powers, she will be making announcements, so that students can buy bowls at \$15 apiece. Jokingly Mrs. Powers said, "The students will hear me talk and nag about buy-

ing the bowls."

Mrs. Powers had the opportunity to explain that thousands of bowls were donated to the event and many people helped put on the event. At the event, people bought bowls and filled their bowls with soup.

Sixty to 70 students helped to make the bowls. Mrs. Powers said, "Guys were making fun of each other and playing around." There was loud music on during the process of making the bowls. The students had so much fun that they even came the second day of the making of bowls.

Mrs. Powers said, "The students liked the project so much, that they wanted to do more, while others just wanted to do the project for extra credit."

Mrs. Powers looks forward to participating in this project in the future because it was a great learning experience for the students and Marquette High community. She said, "Yeah let's do this again because people should make stuff and donate it to help the ones that really need it."
